JAYME SIMONEAU

*Senior Account Manager,
Client Account Services*

Jayme Simoneau is a Senior Account Manager in the Client Account Services (CAS) department at Sansiveri, Kimball & Co., LLP. She joined the firm in 2024 and brings more than two decades of experience in accounting. Specializing in outsourced bookkeeping and controller services, Jayme provides strategic financial support to businesses across a range of industries.

Budgeting is one of Jayme's strengths, and she has become a trusted resource within her department for helping clients develop and refine their financial plans. She works extensively with law firms, nonprofit organizations, and property management companies, ensuring their financial operations run efficiently.

Accounting is in Jayme's blood—her father, an accountant and Bryant College alumnus, inspired her to follow in his footsteps. With three older sisters also working in accounting-related fields, she developed a strong foundation in the profession from an early age. She earned her Bachelor of Science in Business Administration with a Core Concentration in Accounting from Bryant College in 1998.

Originally from Johnston, RI, Jayme now lives in Killingly, CT, with her husband, Jay, and their two children, JR and Sherrie. Their home is lively, shared with their two dogs, Daisy and Rosie, and their cat, Oreo. Outside of work, Jayme enjoys bowling—competing in two leagues—as well as reading and crafting.
