## LORENA VOYER

*Partner, Client Accounting Services*

Lorena Voyer is a Partner at Sansiveri, Kimball & Co., LLP, where she leads the firm's Client Accounting Services (CAS) division. With more than 30 years of experience in outsourced controller services and financial consulting, she helps small to mid-sized businesses streamline their financial operations, gain clarity on their numbers, and plan for long-term success. She also oversees a team of professionals, fostering a collaborative environment that prioritizes client support and strategic guidance.

Before joining Sansiveri, Lorena built a thriving business as the founder of Controlled Solutions, a firm specializing in outsourced controller services. Over five and a half years, she earned a strong reputation for providing high-quality financial reporting and advisory services, growing her team to eight professionals before the firm was acquired by Sansiveri. Prior to that, she spent nearly a decade at a high-end residential construction firm, where she served as Controller and later General Manager—gaining firsthand experience in financial management and business operations within the construction industry.

What sets Lorena apart is her ability to turn financial data into actionable insights. She believes numbers tell a story, and she's passionate about helping business owners truly understand their financial health so they can make informed, confident decisions. She also takes great pride in mentoring her team and empowering both colleagues and clients to grow as leaders in their own right.

Outside of work, Lorena enjoys cooking, playing tennis and pickleball, dancing, board games, and spending time with friends and family. A Providence native, she now lives in Lincoln with her husband and three children.
